Subject: Red and Bonita packer

Steve,

Have you heard anything from Kristin or Joyce? Today is my last day working until the Monday you want me on site. I can buy the packer then, but it leaves no room for trouble shooting. The new packer is slightly larger than the ones we used in the test (1.8 vs 1.75 inches). I spoke with the Baski rep and he does not envision any issues with a 2 inch hole. The airline is the only issue I would like to get worked out before I leave. I want to make sure the airlines are the same size and will fit everything.

Let me know

Thanks

Eric Sandusky
